

tion. The strictures which Senators had directed at the standing committee were declared by Mr. Stone, of Missouri, to be an undesired reproach. After the adoption of the resolution the Senate adjourned until 2 P. M. Monday.

MAKES HARD FIGHT AGAINST BIG ODDS

(Continued From First Page.)

of thirty-five or thirty-six Democratic votes, making a total of fifty-seven or fifty-eight in favor of the bill, to thirty-three or thirty-four against it, pairs, of course, reducing these figures as to the total vote, but not as to the safe percentage of majority.

The President has expressed the belief that the Democrats are sincere in their support of reciprocity and that they will vote down amendments that would kill it. The farmers' free list, it is said, would alienate Republican votes from the agreement and defeat both. President Taft insists that a vote to discharge the Finance Committee from consideration of the free list bill would be just as conclusive a way for the Democratic Senators to record themselves in favor of that bill as would be a vote on a free list amendment.

President Taft frankly has told Senators friendly to reciprocity that they should let it be known that amendments to the reciprocity bill can be supported only by persons not really in favor of reciprocity.

Should "Fish or Cut Bait." Washington, June 1.—In his speech in the Senate to-day on the Lorrimer resolution, Senator Stone undertook to develop the attitude of the Progressive Republican Senators toward the Democratic legislative program. Announcing himself to be an organization Democrat, the Missouri Senator said that if the progressives desired to act with the Democrats they should join the Democratic party.

That, he said, would be an evidence of good faith that would be worth while, "but instead," he said, "they do nothing but stand off and denounce somebody."

"I confess I am tired of their professions," he added, "I want them to fish or cut bait."

Mr. Borah responded in an effort to show that there were differences in the Democratic as well as Republican ranks. He asked how the Democrats were going to vote on reciprocity. Mr. Stone confessed that he did not know, but said he thought most of them would be for it.

"Just wait until we come to the vote on the schedule," then he shall all be together," remarked Mr. Borah.

"And so will we," quickly replied Mr. Smith, of Michigan, for the Republicans. Mr. Borah asked Mr. Bryan whether he included Mr. Bryan in his assurances of harmony on wool.

"As Mr. Bryan is not a member of any legislative body, it is not necessary to include him," said the Texas Senator. But Mr. Borah insisted that his activities as an adviser had made Mr. Bryan practically a member of Congress.

Mr. Stanley urged his point, declaring that if the insurgents would not accept the Democratic schedule, the Democrats would accept any reduction that the insurgents would propose.

After further badinage between the Idaho and Texas Senators, Mr. Stone came back into the controversy, remarking that the Republicans were trying to destroy Democratic harmony.

Mr. Borah said this was an "extraordinary position for the Democratic party," and that Mr. Stone "has his hand in hand, but the others refuse to dance."

Fighting for Cold Storage. Washington, D. C., June 1.—Undue restriction of the tariff on such food products may be kept would ruin to many lines of business, argued witnesses before the Senate Committee on Manufactures to-day. The committee is considering the Hibern bill regarding the cold storage industry.

Kenneth Fowler, of New York, representing the fishing industry of both coasts and the greater portion of the

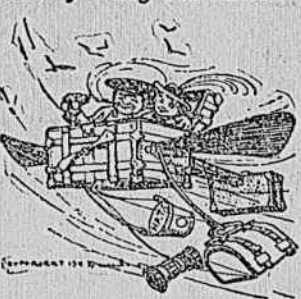

Woman's Happiness. The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes.

All here.

O. K. Derry

cold storage plants of the country, declared that the three months' limit provided in the proposed law would drive fishing fleets from the seas and plunge storage companies into bankruptcy.

Thomas D. Foster, representing a packing concern of Ottumwa, Iowa, declared the bill would work injury to the beef storage business. He acknowledged under questions suggested by Dr. Harvey W. Wiley, chief chemist of the Department of Agriculture, that the packers almost universally used saltpetre in preparing meat for cold storage, but, admitting that it freshened the color of beef, he insisted that it was used primarily as a preservative. The committee adjourned until next Thursday, when it will begin daily sessions to accommodate the great number of witnesses desiring to be heard.

Proof Is Demanded. Washington, D. C., June 1.—Proof that the Post-Office Department is economizing by reducing the salaries of old soldiers in its employ by the amount of the pension they receive from the government, was demanded to-day by the House Committee on Civil Service Reform.

Colonel McElroy told the committee that some of the veterans arrested had complained to him, and he promised to furnish proofs. He also charged that President Taft's instructions that no old soldier should be dropped from the service without the best of reasons was being disregarded.

Asked to Explain. Washington, D. C., June 1.—At the instance of Senator Hitchcock, the Senate to-day adopted a resolution calling on the Secretary of War for a statement of his reasons for the proposed re-establishment of division headquarters in the army and for an estimate of the cost of the changes. Mr. Hitchcock explained that there had been much concern at the various headquarters.

Wants Criminal Prosecution. Washington, June 1.—Officers of the Standard Oil Company, the American Tobacco Company and subsidiaries of these corporations will be prosecuted on criminal charges if a concurrent resolution offered to-day by Senator Pennington, of Ohio, is adopted. The resolution, which instructs the Attorney-General to begin prosecution against individuals participating in what the Supreme Court has held to be monopolies, went over to give Mr. Pennington an opportunity to speak upon it.

Redditing the fact that criminal prosecutions have not been instituted, the resolution says: "That it is the sense of the Senate and of the House of Representatives that criminal prosecutions should be begun against any or all of the parties or persons who shall have, in the opinion of the Attorney-General, violated the criminal provisions of said statute."

Girls' Literary Society Debates. John Marshall Organization Decides Question of Fortifying Canal.

The Philanthropic Literary Society, composed of the girls of the upper classes of the John Marshall High School, held its last monthly meeting yesterday afternoon in the school gymnasium. The gymnasium was tastefully decorated with the society colors, flags and flowers.

After a short speech of welcome by the president, Miss Louise Baldwin, Miss Agnes May gave a vocal solo, which was followed by the debate.

The question for discussion was "Resolved, That the United States Should Fortify the Panama Canal." The affirmative was upheld by Misses Constance Gay and Ethel Smith. The negative was championed by Misses Helen Morsell and Margaret Monterio. Miss Edna Shuman closed the program with a vocal solo.

The way these young women cited authorities, quoted treatises and presented what was pronounced real research, knowledge and genuine ability in a way most unusual for high school girls.

After the regular debate, the president asked for voluntary remarks, and several girls, taking advantage of the opportunity and speaking from the floor, gave their views clearly and conclusively in impromptu fashion. The afternoon closed with refreshments and dancing.

The officers of the society are: Miss Louise Baldwin, president; Miss Ethel Smith, secretary; Miss Mary Williams, treasurer; Miss Anne Graham, critic; Miss Elizabeth Gray, reporter.

News of South Richmond

South Richmond Bureau. The Times-Dispatch. 1020 Hull Street. Phone Madison 175.

While attempting last night to cross the track in front of a freight train, a wagon containing Mr. and Mrs. Richard Palmer, of Chesterfield county, was struck by the engine and Mrs. Palmer badly injured. The horse escaped with a shaking up. The wagon was smashed, but the horse escaped without a scratch.

Mrs. Palmer was rushed to the residence of Mrs. Emmett Cridle, where she was treated by Dr. J. G. Loving. She is suffering from a slight concussion of the brain and a bad shoulder blade. It is not thought that her injuries will prove fatal.

The accident occurred where the New Road crosses the track of the "Belt Line," a few miles from South Richmond. In Mr. Palmer's account of the accident he states that a curve in the track concealed the approach of the train from his sight. The first indication of danger that the Palmers had was when the train rounded the curve a short distance away. The horse was then just crossing the track, and although Mr. Palmer lashed him furiously, the rear of the wagon received a blow from the engine that completely shattered it and hurled Mr. and Mrs. Palmer a dozen feet away.

The Palmers live near Hopewell Church, Chesterfield county, and Mrs. Palmer has several sisters in the Southside.

Democratic Club Meeting. The attitude of the Washington Ward Democratic Club toward the individual candidate for Democratic honors was clearly outlined last night when an amendment to the by-laws, making it lawful for the club to induct a particular candidate, was defeated by a close vote. The amendment, advocated by D. L. Toney, caused a hot argument. It was finally voted down after several ballots by a scant majority of two votes.

Resolutions protesting against the proposed abolition of the Third Police Station were adopted unanimously after some debate. It was explained by Councilmen Jones and Gill that the proposed action by the Police Board would affect only the station-house and not the Police Court, Part 2, nor the jail. The resolutions declared that the club wished to go on record as opposed to the abandonment of the Washington Ward station, and asked that the Police Commissioners consider the matter most carefully. Copies of the resolution were ordered sent to Mayor Richmond and the Board of Police Commissioners.

After four men had been nominated for the office of first vice-president, three withdrew in favor of James P. Bradley, and his election was made unanimous. Willis C. Pulliam was elected to all the office of vice-president from the Second Precinct.

The objects of the club are broad, according to the by-laws: "To uphold the principles of the Democratic party, the supremacy of the white man, home rule and the election of Democratic nominees at all times." Any qualified white Democratic voter is eligible to membership.

Memorial Day. Military, Federal and Confederate organizations joined hands yesterday after with the parade in celebrating the first Southside Memorial Day. This day, set aside for honoring the dead of the Southside secret orders in the cemetery, was observed with the most impressive ceremony by South Richmonders. More of the Southside people journeyed out to the cemetery yesterday than have ever turned out

to witness a procession on this side of the river.

Encouraged by the most smiling faces, thousands of people lined the streets along which the parade marched, and the crush around the speaker's stand in the cemetery was so great that many were unable to get close enough to catch the spoken words.

Judge John H. Ingram, the orator of the day, delivered a speech that rang with eloquence and feeling and went to the hearts of his hearers immediately. In the course of his address he touched on the wisdom of settling aside a memorial day as South Richmond had done, and commended the action most heartily. He said that the Confederate and Federal dead that lie side by side in Maury Cemetery, and urged his hearers to keep ever fresh in their minds the excellence of the service of the heroes in blue and gray.

Judge Ernest H. Niles, of the Justices Court, Part 2, presided over the exercises and introduced Mayor Richardson, who, after a short and concise speech, gave way to Judge Ingram. In the course of his remarks, he spoke appreciatively of Judge Ingram and his services to the city. The unveiling of the mammoth floral design, inscribed to the memory of the departed members of the Southside fraternal societies, was one of the features of the cemetery exercises.

Before leaving the cemetery, the big guns of the Howitzers Battery boomed out a salute, of honor to the dead, as did the First Regiment companies, who fired the customary volley when the bugler sounded to the front and blew the solemn notes of "Taps" over the grass-covered graves.

The parade was the most impressive ever held in the Southside, and the various bodies in the line of march spread out over many squares. It would be hard to say which organization drew the most enthusiasm from the spectators, for all came in for a generous share. The Uniform Boys' Glee Club, 100 strong, made a most excellent showing, and marched like true little soldiers.

Fire Horse Runs Away. A supply wagon of the Richmond Fire Department threatened destruction down Hull Street for a few minutes yesterday afternoon, when the horse became unmanageable between the Eighth and Seventh Streets and ran a mad dash. The corner of Seventh and Hull was taken on two wheels and the driver was almost flung from his seat, but by skillful driving the horse was got under control.

Hardly a member of Engine Company No. 13 escaped burns and minor injuries in fighting the fire which Wednesday night consumed the Zion Baptist Church, and in several cases the wounded are unable to attend to active duty. Two cases of badly burned arms were reported yesterday morning, and Lieutenant Walter Smith was still suffering from the effects of his inhalation of smoke during the fire.

Case Dismissed. Charged with violating the ordinance that calls for wagon fires of a specified width, R. A. Justis and the firm of Miller & Miller were dismissed with a warning in the Police Court, Part 2, yesterday morning. Justice Maurer warned the firms that further violation of this ordinance would subject them to a fine of \$10.

Thomas and Viola Scott, caught with a number of silver spoons and other tableware in their possession, faced hard at Squire Jacobs' hands yesterday. Scott was sent to the road for six months on the charge of being a vagrant and a suspicious character, and Viola was required to furnish bond for three months' good behavior.

Seas—Powers. The home of Mrs. Tyler, on Clopton Street, Swansboro, was the scene of a pretty wedding yesterday morning when her niece, Miss Emma Powers, became the bride of Mr. Seay, of Swansboro. The wedding march was played by Mrs. Alley E. Morrisett. Immediately after the ceremony the couple left for a trip through the Northern States. Upon their return they will make their home in Swansboro.

Personal and General. For reasons not made public, the opening of the free concerts in the park was postponed until next Thursday night. The first of the band concerts was scheduled to have been held last night in Washington Park. The Blues Band will play on Thursday night of next week.

The reorganization of Joseph E. Johnston Camp, No. 5, Confederate Veterans, took place last night at 8 o'clock in the courthouse. New officers were elected to take the place of those who have been recently called by death. Resolutions of respect were passed upon the death of Squire H. C. Jordan.

GAME REPLET WITH THRILLS. Strength of English Team in Polo Match Astonishes Crowd.

New York, June 1.—The American grip on the international polo cup was given a lively shaking to-day by the challenging English cavalry officers, who in the first of the matches for the trophy outplayed and outdid the Meadowbrook four for three-quarters of the match, only to be outdone by the defeated team in the second half, which ended in a one-half goal to three in favor of America.

As the Americans were 5 to 1 favorites, the strength of the English team astonished the big crowd, and the game was replete with thrills for the greatest attendance of expert poloists ever seen in this country. The second match will be played on Monday.

FEEL STRONGER AND BETTER. Gentlemen: I think your "Mills" is a grand medicine. I feel stronger and better, more active and able to stand up under my work, my digestion has improved and my eyesight seems to have cleared in the general improvement. (REV.) H. D. GUERRANT. Danville, Va., Aug. 23, 1910.

TOO SWEET THERE FOR HENRY COHN

New York Methods All Right Maybe, but Somebody Is Standing In.

New York City politics is too swift for Henry Cohn. The Superintendent of Street Cleaning reported to the committee on that subject last night the results of his trip to New York, where he inspected all manner of street cleaning machinery, including automatic street sweepers, flushers, "pick-up machines" and other methods of cleaning paved streets. As to motor street sweepers, he said that the only one he saw which seemed to do the work was the Emerson type, used in Greater New York. This machine is not for sale, but the company contracts for cleaning at 50 cents per 1,000 square yards, which Mr. Cohn said was much higher than the method used here of mule-drawn sprinklers and roller sweeping machines. Mr. Cohn thought that somebody who "stood in" must have secured the New York contract at any such price.

His trip was not without results, however, as he saw mule-drawn combination sprinklers and sweepers, with a following "pick-up" machine, which he considered a great improvement on the type in use here. He recommended that \$5,000 be expended in new machinery, but of a mule-drawn rather than motor type, and stated that the newer machines, by increased efficiency, would pay for themselves within twelve or fifteen months. A subcommittee consisting of Messrs. Hirschberg, Kain and Sullivan, with the superintendent, was appointed to study the whole matter of the cost of sweeping, sprinkling and flushing paved streets.

BI-COUNTY CONVENTION HOLDS BIG MEETING. The Bi-County Convention of the Women's Christian Temperance Union was held yesterday in the Monumental Church, with a large number of delegates and the full corps of State general officers in attendance. The president, Mrs. W. M. Bickers, presided.

The feature of the morning session was an address by Miss Mary Johnston, on "The Sphere of Womanhood." She particularly impressed upon her audience the fact that women should take advantage of the opportunities offered for higher education.

For other addresses were made by Rev. James Morris, of the Monumental Church; Dr. Eagle, pastor of Christ Church; Dr. Templeman, pastor of Northside Baptist Church; Rev. James Buchanan, of the Associated Charities, and others. Vocal solos were rendered by Mrs. E. W. Garber and Thomas Bickers.

OBITUARY. Funeral of Ernest Whitten. (Special to The Times-Dispatch.) Amherst, Va., June 1.—The remains of Ernest Whitten, who died in Richmond on Tuesday, were brought here this morning and the funeral services were held at the Amherst Presbyterian Church at 3 o'clock P. M. being conducted by his pastor, Rev. C. E. Blankenship, of the Methodist Church. The interment in the Amherst Cemetery followed immediately afterwards.

Young Mr. Whitten was aged twenty-one years. He was a son of Mr. and Mrs. J. H. Whitten, of Amherst. He had been a student in pharmacy at a Richmond Medical college for the past session, had a severe attack of appendicitis several weeks ago, and an operation was deemed necessary. He improved, and decided to wait until after the examinations were over before undergoing the operation. The examinations were finished last week, and on Monday he was operated upon. Unfortunately, however, the system developed and he died early Tuesday morning.

He is survived by his parents, one sister and three brothers.

R. H. Swan. (Special to The Times-Dispatch.) Gordonsville, Va., June 1.—R. H. Swan died at his home on Main Street about 10 o'clock Thursday morning of heart trouble, after a illness of three weeks, aged seventy-six years. He was a member of Waddell Lodge No. 225, A. F. & A. M. of this place, and was also a Confederate soldier. He is survived by two sons and four daughters. O. F. Swan, of Cincinnati; O. M. Swan, of Gordonsville; J. H. Swan, of Culpeper; Mrs. H. H. Kilduff, of Alexandria; Mrs. H. R. Bradfield, of Alexandria; and Miss Nellie Swan, of Gordonsville.

Miss Martha Halp. (Special to The Times-Dispatch.) Fredericksburg, Va., June 1.—Miss Martha Halp, daughter of Supervisor E. C. Halp, of Spotsylvania county, who had been in bad health for some time, went to visit her sister, Mrs. Jas. Powell, while there she was stricken suddenly and died in a short time. The body was brought here to-day, and taken to her late home in Spotsylvania county for burial. The young woman was nineteen years old.

Spotsylvania, Va., June 1.—Lewis L. Brown, of West Virginia, formerly of Spotsylvania county, died on Tuesday last of consumption, aged forty-six years. He is survived by his wife, the children, one brother and his mother.

Trade Report. Braintree's Saturday will say for Richmond and vicinity. Continued dry weather, which has been only slightly relieved by showers, has continued to retard crop growth, and trade has shown a tendency to lag. Little tobacco has been planted either in Virginia or in North Carolina, and in the latter State cotton is in poor condition. Vegetables are scarce and high. Shipment of berries has commenced, but the quality is below the average. A between season dullness exists in the wholesale dry goods and shoe trade. Provisions are moving slowly. Building locally is active, particularly in the South. Mechanics are working on short time. With few exceptions, railroad reports show a decrease in receipts for the month of May. Retail trade shows some improvement. Collections are fair.
